Libraries of the Southern Africa Province of the Society of Jesus

I have been working on putting the library catalogue of the [Libraries of the Southern Africa Province of the Society of Jesus](#) online. This project began with the library of the South African Region in 2014, but over time has expanded to the Jesuit Institute South Africa, the JCAM Tertiationship in Zinkwazi and the library of St Francis Xavier Novitiate in Lusaka, Zambia. The project uses Koha, and I introduced Koha to other institutions, e.g. [Hekima College](#).
